## CONTEXT OF INFORMATION AND GUIDANCE

CATS Cambridge/CSVPA is committed to promoting the delivery and development of high-quality education and careers advice that enables students to make informed and effective choices about their future.

### AIM

The Higher Education Officer/Deans of Academic Programmes and UCAS officer, Personal Tutors and House Directors/Pathway Leaders are the students' key points of contact for Higher Education and careers advice and guidance. All staff are committed to offering comprehensive and impartial information, advice and guidance for current students throughout the duration of their course. We are aware that the College specifically offers pre-university courses and our students come from overseas in order primarily to obtain entry to a UK university. However, we do support and help students to consider alternative futures on those occasions where progression to a university is no longer appropriate, or if they decide on alternative career plans.

Impartial advice and guidance will take place through a variety of means, such as self-assessment tools, counselling interviews, on-line resources on the College intranet, sessions with House Directors, career education programmes (to help individuals develop their self-awareness, opportunity awareness, and career management skills), taster programmes (to sample options before choosing them), workshops led by visiting lecturers from prominent universities, and career research placements.

The CATS Cambridge Careers day and programme of visiting speakers allows students exposure to business apprenticeships, and routes into careers other than university. This is also afforded by our business enterprise days for both Key stage four and sixth form students.

### QUALITY STANDARDS

Appointments that can be made with staff and Personal Tutors often offer support and guidance as part of the provision for personal development provided through the student's personal tutor (PT), as directed by the student's House Director (HD)/Course leader (CL) or Specialist Pathway Leader (PL).

Email support is always provided for students while they are in the UK or overseas, and the Higher Education Officer can provide appointments for face-to-face interviews. Emails will be responded to within 72 hours. At CATS Cambridge the Higher Education Officer guides all the students UCAS applications unless they have chosen to apply through agents. At CSVPA the Dean of Student Experience will meet with each student to work through their UCAS application unless they have chosen to apply through agents. They are supported in developing their portfolios and personal statements by their specialism Pathway Leader.

We are committed to continuous improvement. Regular team meetings are held to monitor performance and evaluate good practice. Quality standards are met, and strengths and weaknesses are addressed.

### STATEMENT OF STUDENT ENTITLEMENT PRINCIPLES

All students are entitled to careers, education and university information guidance which adheres to the following principles it is:

- Impartial, client-centred and free from institutional bias

- Accessible, available and visible
- Provided by appropriately qualified, knowledgeable and experienced staff
- Respectful of confidentiality
- Supporting of achievement and enabling of progression

Students completing Pre-Programme and GCSE courses have guidance sessions on the options open to them. These sessions are delivered in an impartial manner about progression onto A Level or UFP programmes and also alternative career options, taking into account parental wishes. We also support students in applications to other schools if they feel they would like to change schools.

Advice and support are provided by senior staff who will liaise with educational agents overseas, parents, other providers and local provision as needed.

## **PARENTS, GUARDIANS AND AGENTS**

Students under 18 years of age can request their parents', agents' or guardians' presence at interviews where possible or appropriate and bespoke meetings are always offered to parents if they wish to discuss future career plans for their child.

Parents of students can access information and discuss job opportunities, as they relate to their son/daughter, with staff

## **EQUAL OPPORTUNITIES**

All staff will promote career choice based on interests and potential and will challenge stereotyping or discrimination whenever encountered.

Higher Education information and guidance is part of a structured programme of activities, which is a compulsory element of the programme for all students. Higher Education advice is also provided directly by regular visits from universities, conservatoires, or drama schools offer
